**DOCKET NO. 2007-356-W/S  
APPLICATION OF PALMETTO STATE UTILITY SERVICES, INC. FOR A CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY.**  
Palmetto State Utility Services, Inc. ("Applicant"), has filed an application for a Certificate of Public Convenience and Necessity ("Certificate") with the Public Service Commission of South Carolina ("Commission") to operate and maintain water supply distribution and wastewater collection facilities in South Carolina.

According to the Application, following a competitive bid process, the Defense Energy Supply Center on behalf of the United States Army, awarded the Applicant's parent, American States Utility Services ("ASUS"), a contract ("Contract") to own, operate and maintain the water distribution and wastewater collection utility systems at Fort Jackson Army Installation ("the Base") and to operate and maintain for a temporary period the Weston Lake Wastewater Treatment Plant. Operations and maintenance under the Contract are expected to commence on January 1, 2008, following a transition period which has already commenced. The Application reveals that prior to the end of said transition period, ASUS will novate the Contract to Applicant. According to *Black's Law Dictionary*, a novation substitutes a new party and discharges one of the original parties to a contract by agreement of all parties. Under the Contract, Applicant will assume ownership and operation of existing water distribution and wastewater collection utility facilities owned and operated by the Federal Government and provide service through such facilities to only one customer, the Federal Government, which shall pay all fees for the services. With respect to rates, the Applicant will charge its one customer, the Federal Government, a monthly contract rate for its services pursuant to the Contract. Thus, the Applicant requests that the Commission approve the Applicant's fixed-fee charges (rates) to the Federal Government per the Contract as just and reasonable.
